WEDNESDAY EVENING, APRIL 11.

The Libby Prison Folly. We are not aware what stage of proceedings the proposition to tear down and remove the Libby Prison from Richmond to this city has now reached, but whatever it may be the sentiment of the people of Chi cago is in favor of its abandonment. The whole scheme to tear down the building, bring it here and set it up for a public show, to which an admission fee will be charged, is silly and useless and will be unprofitable.

Every dollar invested in it will be sunk, and ought to be. If it is intended to bring up ought to be. If it is intended to bring up personal reminiscences of the war, it will fall in its purpose, as few if any soldiers west of Indiana were confined there. The Western ex soldiers will care nothing for it. If it is intended for a display of the "bloody shirt," it would be more practical to move it to Philadelphia, New York, or Boston, as 95 per cent, of the Libby prisoners belonged in the East. If the projectors want to revive reminiscences of the terrible struggle and of the ill treatment of prisoners, let them take it to the locality where the victims, their it to the locality where the victims, their relatives and friends, live, though even this would be a piece of unadulterated folly. Chicago has no bitter memories connected with it, and no desire to have the old tobac-co warehouse brought here. The ex sol diers would not be attracted to it, nor is there enough to see to draw the gaping, curiosityloving crowd. As a war souvenir it would have no interest. As a commercial speculation it would be an utter failure. The build-ing in itself would be a public eye sore and nuisance, and every person with the slight-est sense of fitnes and propriety would shrink from going near it. The best use to make of it is to let it stay where it is and let Richmond have whatever shame and disgrace may attach to it. Chicago has no personal enmity towards it, and no interest of any kind to gratify in seeing the nuisance here. If it is to be moved at all, those who have invested in the speculation had better take their elephant East. We warn them in advance that if they bring the all warehouse here phant East. We warn them in avvatice that if they bring the old warehouse here they will sink every dollar they have put into it, and no one will pity them. The best thing they can do is to drop their silly scheme altogether, else it will prove another case of a fool and his money soon parted. Chicago Tribune.

MRS. WINSLOW'S SOOTHING SYRUP, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never-failing success by millions of mothers for their children. The capital stock of this company is \$625,000, divided into 625,000 shares of \$1 each.

The company is incorporated under the laws of West Virginia, and the stock is non-assessable, and carries with it no personal liability to the holder.

THE GOLD MINING COMPANY (location, Music Mountains, A. T.,) is as sound a mining enterprise as was ever placed on the market, and its possibilities have never been exceeded. Every share should double in value within a year, and they may quadruple, as they are based on property that would ordinarily have been capitalized ten (10) times as great on account of its known richness and promise.

The shares are made small so that any one can invest. Subscriptions for five shares are as welcome as those for hundreds.

Every dollar of earnings will go to the stockholders in dividends, as there is nothing else that they can be used for.

A Wisewell mill, capacity 20 tons per day, with powerful machinery, has been purchased and will be on the ground ready for erection at the mine within the next thirty days.

The solid basis upon which the company is founded and the practical proofs of the richness of the mine have already secured the confidence of the public, and the stock has steadily advanced in selling value Within the last few days bona fide sales have been made AT PAR.

There is no better stock on the market for a permanent investment. For full information in regard to this Mine apply to the

The GAZETTE, chronologically, is in the eighty-ninth year of its existence and is not only the oldest paper in the State, but, with very few exceptions, in the country. Notwithstanding the fullness of its years, it has kept, and will continue to keep abreast of the times in all that pertains to a news paper, furnishing its readers daily with a perfect mirror of passing events, domestic and foreign. Its facilities for obtaining news as they increase are taken advantage of and used for the benefit of its readers, who are thus kept thoroughly posted as to all that is of interest politically, socially, financially and commercially. Special attention is given to matters concerning the State and its welfare, while its local columns contain all that is of the slightest interest to Alexandria. Its regular correspondence from Washington and Richmond are features of peculiar interest, as attested by the eage ness with which they are read and copied by other papers, while its editorial department, conducted with reference to the best interests of the city, State and country, will continue to advocate what is believed to be right, just. honest and patriotic. With a view to the interests of merchants, farmers, and all interested, its commercial columns are carefully edited and its market reports are acknowledged by all to be faithful and accurate. Through all this section of the State and in all parts of the country where Virginians have located, there will the GAZETTE generally be found, and thus
